RE: **Request for Updated County Maps**

At this time, the County Transportation Bureau is requesting that each county submit five copies of their most current county map, at a scale as close to 1" = 2 miles, with all bridge structures and road designations accurately and clearly located. The BIN should be referenced and clearly visible, with the option of a structure ID also being included. In addition, if a MicroStation or other electronic drawing is also available, these files should be sent to the following e-mail address: horam@dot.state.al.us. We request that this information be submitted by July 1, 2009.
